

Dear Parents,

We have had another busy term in Brook class and I am thrilled by the fantastic progress from all the children!

Homework

Please can you practise learning the days of the week. I know there has been lots of practise this term, but I would love to give the children the opportunity to show me how much they have learnt! I have attached a practice sheet if this will help.

In addition, any child led writing or opportunities to practise phonics is great.

As usual, we encourage as much reading as possible - both child and adult led!

In maths, we will be beginning our Measuring Space unit - perhaps the children could do some cooking with you and weigh out the ingredients!

Next terms spellings can be found on the curriculum section of the school website, in Brook.

Snacks

Just a reminder that we provide a selection of fruit for all children every day at snack time. If your child would like to bring their own, we ask that it be fruit or vegetables. As we continue to care for our school, snacks that come in plastic packets will no longer be allowed on the playground. We thank you for your understanding.

Letters by Email

If you have not yet agreed, and would like to receive letters by email, please send your consent and desired email address to admin@st-catharines.gloucs.sch.uk.

Thank you all for your support and hard work this term, and we look forward to seeing you after the holiday!

Best wishes,
Miss Ryder
