

Dear Parents,

We are pleased to share that this year, the year 6 children will be participating in Bikeability, straight after half term. This year, the booking needs to be made online by parents before no later than half term. This can be done either through the below QR code or web link. This will then open an online booking form. Once the details are completed, your child will be registered for Bikeability and will be able to participate. The form also lists what children need to bring in order to participate throughout the week.

If you have any questions, please do get in touch with the school office.

Best,

Mrs Richmond
